

Open a Supra® iBox BT or iBox BT LE with your Android™ or Apple® Device

To open a Bluetooth® keybox

- Open the Supra eKEY app and tap the **Obtain Key** icon on your device.
- Press up on the bottom of the keybox to turn on its Bluetooth®. A red-purple light on the keybox lens flashes to show the Bluetooth is on and ready. *If you are using an eKEY Fob, do not turn the Bluetooth on. Instead, point the eKEY Fob at the keybox lens.
- After entering a 4-digit PIN, the eKEY app will start communicating with the keybox.
- When eKEY app displays “Success!,” press up on the bottom of the keybox to release the key container.

*All Apple products must use an eKEY Fob to communicate with iBox BT keyboxes.
Press up until the red light flashes to turn on the Bluetooth

Keybox lens

How to Change the Shackle Code using the eKEY® App

Open the shackle first to change the shackle code.

Open the Shackle	Change the Shackle Code
<ol style="list-style-type: none"> 1. Open the eKEY app. 2. Tap the Open Shackle icon. 3. Enter the 4-digit shackle code. 4.
